Dear Investor/Corporate Sponsor

The Women’s Rights Information Center is an Englewood, NJ non-profit organization whose mission is to help women attain economic independence and self-sufficiency. As we approach 45 years of service, we are collaborating with Women-helping-Women USA a women’s focused effort of Neighbors-helping-Neighbors USA (www.nhnusa.org) who has been helped 800+ people land jobs in since January 2011 here in Bergen County to hold a series of free, educational workshops, and one on one mentoring to support women in the community who are preparing to re-enter the workplace and advance their current careers. Our goal is to provide guidance, job search support, and the opportunity for women to learn and develop the skills necessary to advance in their personal and professional lives.

Our meetings will be every week from 10:00 to 11:30am, and will run from July 2018 to July 2019. We will present speakers, arrange one on one mentors, lead peer led support and networking, building job skills and tools to help all women with a special focus on single moms, displaced homemakers, veterans, 50+ and Hispanic and other minorities in our community, and intend to serve 75 women with this project.

In order to help defray the operating costs of these meetings, and, most important, help us continue to expand our services to improve the economic well-being of the women and communities we serve, please consider a tax-deductible donation to the Women’s Rights Information Center. Your support will help women across Bergen County get back to work, providing a better future for themselves, and their families.

Thank you for your consideration of this request. If you have any questions or need any additional information, please don’t hesitate to contact John R. Fugazzie at 551.204.5667 johnfugazzie@aol.com or Lisa Maurer at 201.568.1166. We look forward to your joining with us as we work to build networking partnerships and support throughout the business community.

Sincerely,

Lillian Corcoran, LPC
